How to access the Admin Login?

1. **Navigate to the Login Page:** Open your preferred browser and access the login page for the Admin portal.

SC-(01) - Login Page

2. **Enter Your Credentials:**
 - **Email Address:** Provide the registered email address associated with your admin account.
 - **Password:** Enter the password associated with your email address.
3. **Log In to Your Account:**
 - Once you've entered your credentials, click on the **Sign in** button.
 - If the credentials are valid, you'll be redirected to the Admin Dashboard, where you can access all administrative tools and features.
4. **Forgot Your Password?**
 - If you forget your password, click on the **"Forgot Password"** link on the login page. You will be redirected to the **"Forgot Password"** page.

- Enter your registered email ID and click "**Send.**" A notification will be sent to your registered email account.

How to add menu items?

When you add a **Menu item** in the admin panel, it will be reflected in the front-end user view. The user-side menu items will appear as shown in the image below.

User Screen:

Control Panel Screen:

↳ Benefits and Forms	Edit Page Details - Change Page	Preview	0	Off	Edit Page Details - Change Page
↳ Member List	Edit Page Details - Change Page	Preview	0	Off	Edit Page Details - Change Page

1. The "**Menu Items**" section in the admin panel allows you to add & manage menu drop downs.
2. **Chapters for Filtering:** A dropdown menu is available to filter menu items based on chapters, making it easier to locate specific items.
3. **Menu Items List:** Shows all menu items organized by **chapters**. You can create **parent** and **child menu** items, with child items nested under their parent. On the **user side**, a drop down displays the **child items under the parent menu**.
4. **Add Page to Item:** This option allows you to link a page to a menu item. Without linking a page, the menu item will not be displayed in the header.

By clicking on this, a **popup window** with **dropdown (select page)** will appear where you can select any page you want to assign.

5. **Edit Page Details:** The **Edit Page Details** will allow you to **edit or modify** the details as needed.
6. **Change Page:** allowing you to **select and change** the assigned page.

7. **Preview:** Allows you to preview the page linked to a menu item to ensure it is displayed correctly.

8. **Edit Icon:** This view allows you to modify the details of a menu item or its associated page.
9. **Delete Icon:** Used to remove a menu item that is no longer needed..

The **Add Menu Item** button takes you to the add view, allowing you to add a new menu item.

1. There is a **highlighted portion** under the fields that plays an important role in determining where the menu item should be displayed. It decides whether the menu item appears in the menu bar or the footer bar.
2. By entering all the details in the view, you can simply click the **Submit** button. This will save the record and redirect you to the **Menu Items List**.

How to add running content in Internal pages?

By adding inner pages in the admin panel, they will be reflected in the user view, appearing as pages like the "**About Us**" example shown below.

User Screen:

Control Panel Screen:

Pages

Arjunweb Admin

Description

1. The '**Heading**' text box is used for the title.
2. The '**Page URL**' text box is used to enter the URL (By **default** page urls will be **auto populated** based on the name of the page).
3. The '**Target**' text box specifies the page, either '**Blank**' or '**Parent**'
4. The '**Description**' text area is used to enter the page description

How to manage Menu Pages/Events/Committees/Sponsors ..etc., based on Chapters?

Chapters are sections used to **organize content**, such as **menu items, events, and committees, sponsors.. Etc.**, within the admin panel. They help structure content in a **clear and organized** manner for better management and navigation.

User Screen:

Control Panel Screen:

Chapters

Arjunweb Admin

Search

Search

Add Chapter

S.No.	Chapter Name	Short Name	City	State	Posted Date	Order No	Status	Action
1	Washington, D.C	Washington, D.C	Washington, D.C	Washington, D.C	07/30/2020	17	☒	
2	Tampa Bay	Tampa Bay	Tampa Bay	Tampa Bay	09/15/2020	20	☒	
3	St. Louis	St. Louis	St. Louis	St. Louis	07/30/2020	16	☒	

1. **Search Field:** Filters menu items based on entered text.

2. **Clear Button:** Removes the search text and restores the full menu list.
3. **Add Chapter Button:** Opens the **Add Chapter Page** to create a new chapter.
4. **Order Number Field:** Organizes chapters in a specific order, reflected in the front-end view for better presentation.
5. **Status Switch:** Toggles the chapter's visibility. Disabled chapters will not appear on the front-end.
6. **Edit Icon:** Redirects to a view for modifying the selected item.
7. **Delete Icon:** Deletes the selected record after confirming the action via an alert.

This is the view displayed when you click the **Add Chapter** button.

The screenshot shows the 'Add Chapters' form in an admin panel. The form is titled 'Add Chapters' and has a user profile 'Arjunweb Admin' in the top right corner. The form contains several input fields and dropdown menus:

- Chapter Name :** A text input field.
- Previous Chapters to Clone :** A dropdown menu with '-- select --' as the selected option.
- Clone Type :** A dropdown menu with '-- select --' as the selected option.
- Short Name :** A text input field.
- City :** A text input field.
- State :** A dropdown menu with '--Select--' as the selected option.
- ZipCode :** A text input field.
- Display Order :** A text input field with the value '29'.
- Subject :** A text input field with the value 'Subject'.
- Mail Type :** A dropdown menu with 'Auto' as the selected option.

Below these fields is a section for the **Description ***, which includes a rich text editor with various formatting options like bold, italic, underline, and link.

Managing Menu Pages/Events/Committees/Sponsors Using Chapters:

1. **Add to Chapters:**
When adding **Menu Pages, Events, Committees, or Sponsors**, select the desired chapter from the dropdown in the admin panel.
2. **Organize Content:**
Use chapters to group related items, making it easier to manage and structure content.
3. **Seamless Navigation:**
Assigning items to chapters ensures clear organization and better navigation in both the admin and front-end views.
4. **Edit Assignments:**
Modify the assigned chapter for any item later, if needed, by editing the item's details.

In the **admin panel**, the screen for assigning chapters to **content pages, events, sponsors, etc.**, will display the following:

Terms & Conditions *

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy.

How will we add & assign Committee Members into the Committees?

Committees is a section where you can manage and organize details related to committees within the organization. It allows you to track committees, their members, roles, and responsibilities.

1. This section allows you to add categories to assign members to specific committee categories. **Example Categories**: Board of Directors, Executive Committees, etc.
 - Ability to manage **year-based committees**.
 - Filter committee details based on the selected year.

How do we manage website sponsors?

The **Sponsors** section allows you to add and manage sponsors. And sponsor categories help organize sponsor details, making it easier to display them in the user-side view.

Note: The sponsors are categorized into types such as Gold, Silver, Platinum, Media, and others, as shown in the image below.

Media Sponsors	Platinum Sponsors	Silver Sponsors
MEDIA SPONSOR	PLATINUM SPONSOR	SILVER SPONSOR
MEDIA SPONSOR	PLATINUM SPONSOR	
MEDIA SPONSOR	PLATINUM SPONSOR	SILVER SPONSOR
MEDIA SPONSOR	PLATINUM SPONSOR	SILVER SPONSOR

1. Navigate to the **Sponsors** in Gallery tab from admin to create sponsors for **the Organization**.

2	Diamond Sponsors	Sponsors	20/08/2024	0	☒	Edit Delete
3	Silver Sponsors	Sponsors	11/01/2024	2	☒	Edit Delete

1. The search includes a **Chapter Name** dropdown and a search text box, where you can search either by the chapter name or by category.
2. You can manage sponsors based on **Chapters**. While organizing, select the chapter where the sponsor should be displayed.
3. The **Clear** button is used to reset the filters, and all the data will be displayed again.
4. The **Add Category** button opens a popup called the **Add Category View**.
5. The **Sponsors** hyperlink will redirect you to the **Sponsors** module, where you can view the Sponsors organized by the category when you click on the hyperlink in the list.
6. **Order Number Field:** This field is used to arrange categories in a specific order. The order is reflected in the front-end user view, Providing a neat and visually organized presentation.
7. **Status Switch Button:** Allows you to toggle the status of a parent or child menu item. Disabling it will prevent the menu item from appearing in the front-end view.
8. **Edit Icon:** Clicking the **Edit** icon will redirect you to a new view where you can modify the selected item.
9. **Delete Icon:** By clicking on the delete icon, you can delete the record. If you click on the delete icon, it will confirm the action with an alert message. If you wish to cancel, you can cancel the operation.

Add Category (Pop-up): This is the view displayed when you click the Add Chapter button.

1. In this view, you can select the **Chapters** dropdown and the **Sponsor Category Name**.
2. When you click on **Save Changes**, the data is stored and will be displayed in the **Sponsor Category** list.

Edit Category (Pop-up): The 'Edit Category' view is the same as the 'Add Category' view.

This page allows you to edit the details of the **Sponsor Category Details**.

What is the process for managing website banners, including adding, updating, and removing them?

Website banners are prominently displayed in the highlighted section of the main index page on the user-facing side of the website. These banners can be easily managed through the Admin Panel, where administrators have the ability to add, update, or remove banners as needed:
